**Reference:** Khoms Power Plant – Libya  
**Subject:** Letter of Appreciation

Dear Sirs,

This correspondence to certify that Electro Tharwat Co. has carried out the installation works of electrical equipment on Khoms Power Plant in Libya from Nov. 2019 to Nov. 2020 to the satisfaction of ABB, with competent site management, installation supervisors & Foremen, installation workers and HSE, for the following equipment / systems:

- Unit Auxiliary Transformer (UAT – 45MVA), IPB, LV-Transformers, LV-Busbars
- MV-SWGR, LV-SWGRs, UPS
- Cable Trays, MV- & LV-Cables, I&C-Cables, Cables Accessories
- Emergency Diesel Panels, Line Protection Panels, LCP2 Local Control, RTU, GSU Control Panels
- HVAC Control & Communication Panels
- Fire Detection & Fire Fighting Panels
- DCS Panels and HMI

To emphasize is also their professional attitude as well as their high flexibility and short reaction time with logistics tasks and manpower adjustment towards fulfillment and satisfaction of the project requirements. Even during the extremely challenging times of the COVID-19 pandemics, Electro Tharwat Co. managed to satisfy the project needs by maintaining the site activities on Khoms site in Libya.

We thank very much Electro Tharwat Co. for their very good work and support, and we highly recommend them as a reliable partner.

Yours sincerely,

ABB AG  
Business Area Process Automation  
Local Division Energy Industries
